6/2024

GAME EVER MADE

Unblock Jam Master (about 500 levels)

INTERESTS

- Playing Chess
- Puzzle game
- Watching Movies
- Playing Badminton

SUMMARY

I've always been a passionate gamer who enjoys exploring new things. Initially, gaming was just a world for me to relax in after stressful hours of studying, a casual hobby I never thought would become a career. However, an opportunity led me to Game Studio, where direct experience truly inspired me. Gaming is no longer just a form of entertainment; it has become a new path that motivates me to learn and delve deeper into it seriously.

Programming Languages:
- Java (Spring Boot)
- Unity (C#)
- C/C++
- Python
- HTML, CSS (Bootstrap), JavaScript

Databases & Tools:
- MS SQL
- Git
- Docker

Other Skills:
- Teamwork
- UI/UX Design

EXPERIENCE

FULLSTACK JAVA WEB DEVELOPER INTERN
FPT Software | June 2024 - August 2024

- I was responsible for developing the user interface for a recruitment platform, focusing on the authentication module (login/registration) and the offer management process.
- I designed and implemented a RESTful API to efficiently handle offer-related tasks, including creation, approval, status tracking, and response management.
- I applied advanced security measures to protect user data and sensitive recruitment information.

COLLABORATOR FALCON GAME STUDIO
Falcon Game Studio | May 2025 - July 2025

- I was the main person responsible for building and developing levels for the game Unblock Jam Master.
- The goal was to create engaging, creative, and balanced challenges that provided a fun experience for players of all skill levels.
